"I would recommend [Alan] over and over to anyone. He was truly fantastic by making everything so easy. He was able to give great suggestions. He did the music for the ceremony, cocktail hour, and reception. We came up with our plan and he followed it perfectly! I heard every song that we gave him! I didn't leave the dance floor! He even went as far as calling me a few times prior to the wedding to make sure I was ok, since it was supposed to be a hurricane the day of our wedding! I can not say enough good things about how Alan made our day! The cost was worth every dollar :)" Monica and Corey September 2008

"Alan Boyle was our DJ and he was perfect, he played all the music that was meaningful to us and in an order that kept the energy of the party going. Also, with a small wedding, he was able to create a wonderful mood without deafening the older guests." Molly and Mike August 2008

"After one conversation with [Alan], I just felt he would be perfect. Alan is from England (as is a lot of my family), so his accent definitely helped. :) He is wonderfully helpful. He gathers a list of your "must play" and "must not play" songs at least one month before the event and anything he does not have, he will happily download prior to the event. My husband and I wanted to feature our own mix of music during the dinner hour, so Alan played a CD that we mixed on our own. When the dinner hour ran over, he smoothly transitioned to music that was of a similar style so as not to take away from our own choice of music. We asked him not to be one of those "MC" types that yells at and interacts with the crowd, and he completely followed our request. I was very particular about my "must not play" list, and Alan even went so far as to deny a request my friend made at the wedding because he thought my husband and I might not approve! He was dressed professionally in a tuxedo and did a wonderful job. So wonderful, in fact, that our friends have booked him already for their wedding in July." Blair and Jared June 2008

"Alan, Karen and I would like to thank you for all of your help on providing the music for our wedding ceremony and reception. Planning for the event was very overwhelming, but our preparation meeting with you helped to alleviate our questions (and fears). We think the night turned out great!! I have never seen my parents and their friends dance so much. They were very impressed with your music choices!! Thanks again for providing the music for our special occasion." Paul and Karen's wedding March 2008

"Alan, You are awesome! We want to thank you very much for all of your hard work. We had so much fun. Jay and I really appreciate all the hard work you contributed to make our wedding so special! We'll look forward to recommending you to our friends. Thanks again, Jay and Hillary." 12/29/07 Wedding
