**Presents...**

Gary is a multi-talented entertainer with a lifelong love of music and dance. He's actually the only Choice DJ qualified to teach dance lessons for an event! So, aside from spinning the tunes, Gary could also offer instruction in Latin, Swing, Ballroom, and more. Of course, he's fully capable of being a traditional DJ and MC in total control of the music, announcements, and fun. If you're looking for a highly organized, truly professional entertainer, then Gary's a great choice for any event!

"We were so happy with our decision to use Gary Meyer as the DJ for our wedding. He was always professional and sounds great on the microphone! Before the wedding, Gary was also quick in responding to our inquiries and questions, something that is important for every bride. He was willing to get any music we wanted that he did not already have. We have already recommended Gary to some of our friends who will be engaged and everyone at our wedding said that Gary and his music were one of the highlights of our day. You should definitely choose Gary to be your DJ!"
