What People Are Saying About Richard's Performance...

"I have had the pleasure of working with Richard several times as our DJ. First as a DJ at our Casino parties through Delvecchio Casinos. As far as anyone having a "presence" as a DJ, he rates at the top of my list. He's great on the mic, and he is also a very easy guy to talk with. When it came time for him to do my wedding-- he was even better! I highly recommend him to anyone looking for a Great DJ and Emcee!"
